In the beginning Ms. Monica Bantallu briefed about the importance of Constitution. Our preamble outlines the main objectives the legislation is intended to achieve. It contains the ideals that the Constitution seeks to achieve. As a result, the Constitution has a sense of direction and purpose. The preamble also enshrines the grand objectives and socioeconomic goals that will be attained through constitutional processes, and in order to disseminate the importance of the preamble among students, Ms. Ritika Chinchore of the Third Year BBA class read the preamble. A video entitled "<i>We The People</i>" broadcast by Doordarshan was shown to the students following the reading of the preamble. The video focuses on the fundamental rights and duties of a responsible citizen. During the video presentation, students learned a lot, and the session concluded with a question-and-answer session, in which they discussed duties and responsibilities that citizens must fulfil even when no one is watching. The session, which was led by students, concluded with a vote of thanks by Swapnil Hulle, a BBA III student.</p>
