Student Satisfaction Survey Report 2021-22

Introduction

Sangameshwar College is city's first Autonomous College in Solapur, imparting excellent education in the field of Arts, Science, Commerce and Professional courses like Business Administration and Computer science. The central location of the college attracts students from every corner of the city, surrounding talukas and villages. The institute celebrates the linguistic diversity of the region by imparting education in Kannada, Marathi, English and Hindi. The courses are designed to meet the local, regional, national and the global development need. Our strong alumni, well qualified faculty members and world class infrastructure attract students of different socioeconomic backgrounds. Student come to our institution with great vision and big dream where as our faculty members pave the right path to meet their life goals.

The great vision of the institution is to provide broader learning platform for all students with the objective of holistic development of students. Every year IQAC collects institutional feedback from students and use it for further analysis and improvements of institutional facilities. In Academic Year 2021-22, the IQAC planned to have a systematic approach to collect institutional feedback by integrating Information and Technology. IQAC discussed with Mastersoft Cloud ERP Pvt. Ltd. to provide web-based software assistance for the feedback collection. The questions given by NAAC are listed and used them to prepare online feedback form. This form has been made access through student diary app. This allows only authenticated students of the institution to fill the feedback form. The details manual for filling the feedback form is attached with this report.

Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

- Hjvucuf
- Over all teaching is excellent
- Always helping and kind

Proper facilities with great guidence

- Take topic wise test
- It's already good
- Syllabus on practical based
- Doubts will be cleared . Helps to another maths related problems
- PRESENT TEACHING SYSTEM IS BETTER.
- There are tech very effectively and gives more example when they teach us.only one suggestion that is uses of projectors and some image photos
- More field visit

E-learning

- More field visits and practical oriented activities must be conducted
- Not needed
- Use ICT tools and digital game-based learning.Differentiate between students.Use the flipped classroom model.
- The problems based on chapters should be taken
- Regularity
- Nothing
- 1. A bit more time for break to refresh students mind .

2. Specific time should be allotted for extra classes

- According to my experience and view I think our classes should be took in the morning period of time it will be great. Otherwise everything is perfect ?? thank you.

- Teachers should conduct at least one test after teaching each lesson.Teachers should give students at least 10 minutes of time to share their thoughts on each lesson concept.The college should properly manage the practical time and study hours of the B.Sc students so that there is no time overlap between the students..
- Should take some tests on covered syllabus
- Teacher are always helping and kind
Proper facilities with great guidance
Good learning experience
- 1 To provide more books in library rather than 1
2 Require more SEC or SDC yearly
- I think that whenever teachers comes to tech in their class they should teche using projector beacause it will helps to understand more and also they can clears the students doubts and concepts.
- I have following
- overall nice
- Library time should increase.
College's non teaching staff's behaviour should humble towards students.
Teacher's behaviour should give attention to all the students.
- Language
- ICT lab
- It's good for teaching and good opportunity ate there
- Always support the students and encourage
- timetable was no so good we want 1 day of gap between the two papers
- 1)More practical illustrations to be given than just theoretical examples
2)Keep the lecture time limit in mind and do not exceed it .
  Exceeding the time limit will only distract students not give them more knowledge
3) Teach us how to write research papers please instead of assignments.

- Every teachers have their own teaching way
Which is very convenient for me
And understandable.So they are already
Improved them self and as well as main also,
Thank you
- It would be best if they use experimental methods while teaching, rather than teaching only textbook content making use of others books will help understand the topic much better , and most importantly don't change the lectures every semester due to that we get disturbed and don't understand that subject very well , this is the kind request please, in 1st semester which lectures were their for their particular class let them be the same , it's quiet confusing to understand the subject .
- 1.want more activities like presentations
