Sangameshwar College, Solapur (Autonomous)

REPORT OF STUDENT INDUCTION PROGRAMME

(B.Sc. I) 2023-24

Sangameshwar College, Solapur (Autonomous) organized a five days induction program for the fresh candidates to B.Sc. First Year Students in line with the UGC guidelines.

The main objective of the program is to make the new students feel comfortable in their new environment, open them up, set a healthy daily routine, create bonding in the batch as well as between faculty and students, develop awareness, sensitivity and understanding of the self, people around them, society at large, and nature.

The time during the Induction Program is also used to rectify some critical lacunas and sensitize them towards exploring their academic interest and activities, reducing competition and making them work for excellence, build relations between teachers and students and overall personality development.

Usually, the Student Induction Program comprises of interesting activities like motivational speech, team building activities, expert lectures, and campus orientation sessions etc. But this year the Student Induction Program (2023-2024) activities were mainly based on the theme NEP-2020 implementation and celebration. The basis for induction was to ensure a smooth transition for the students into the higher education system.
